1. Introduction

About QBE Lenders' Mortgage Insurance Limited (QBE LMI)

QBE Lenders' Mortgage Insurance Limited is one of the largest mortgage insurers in Australia. Although the business names have changed over time, QBE LMI has been operating continuously in the Australian mortgage insurance market since 1965.

What is Mortgage Insurance?

Lenders mortgage insurance (LMI) covers the lender in the event of the borrower defaulting on their loan. If the property is subsequently sold and the amount from the sale is insufficient to pay off the loan in full, this insurance will cover the lender for the shortfall. The insurer may then exercise their legal right to recoup this shortfall from the borrower. The lender applies for LMI not the borrower and the insurance should not be confused with Mortgage Protection Insurance.

The fee for LMI is paid as a once only fee at loan settlement and varies depending on the amount of money being borrowed and loan to valuation ratio (LVR).

How to use this lmiGUIDE

The lmiGUIDE is designed to be used as a guide to assist in completing applications for and relating to LMI. It contains information on some common underwriting questions that we receive from time to time. Whilst it is not a comprehensive list of QBE LMI's requirements, each application for LMI must at a minimum satisfy these requirements.

When you submit a LMI application with supporting material as required, it will be individually assessed based on QBE LMI's full underwriting criteria. Your attention is also directed to the requirement to comply with your duty of disclosure. Any queries not covered in this guide should be directed to your Underwriting Manager or Partnership Manager.

QBE LMI reserves the right to vary our products, terms and conditions and our underwriting criteria from time to time without notice.

2. Duty of Disclosure

2.1 Your Duty of Disclosure

Before You enter into an insurance contract with Us, You have a duty to tell Us anything that You know, or could reasonably be expected to know, may affect Our decision to insure You and on what terms. You have this duty until the proposed insurance contract is entered into in accordance with the Master Agreement (generally this is the later of QBE LMI having received the Premium or the Lender having satisfied any special conditions).

You have the same duty before You renew, extend, vary or reinstate an insurance contract. However You do not need to tell us anything that:

- reduces the risk We insure You for;
- is common knowledge;
- We know or should know as an insurer;
- We waived Your duty to tell us about.

If You do not tell us anything You are required to, We may cancel the Policy or reduce the amount We will pay you if You make a claim for Loss under the Policy, or both. If Your failure to tell us is fraudulent, or any misrepresentation by You is fraudulent, We may refuse to pay a claim and treat the Policy as if it never existed.

Term investment	<p>Lump sums (e.g. term deposits) must have been held in an account in the name of at least 1 borrower for a minimum period of 3 months prior to the loan application being received.</p>
Not considered acceptable forms of genuine savings	<ul style="list-style-type: none"> • Government grants / rebates (including First Home Owners Grant) • Gifts (not from immediate family members) • Inheritance (not from immediate family members) • Advance on wages/commission • Barter Card or other swap negotiations • Builder discount/finance or any form of incentive • Proceeds from gambling • Proceeds from illegal activities • Rental discounts • Vendor gift / discount / finance / rebate or any form of incentive • Advantageous / favorable purchases • Lender finance of 5% deposit • Borrowed funds (e.g. personal loan)

5.3 Equity

Advantageous purchase (aka favorable purchase)

An advantageous purchase can be considered a 'gifted equity' when the purchase is from an immediate family member or the estate of an immediate family member. Immediate family members are:

- Spouse / De facto partner
- Parents / Children
- Siblings
- Grandparents / Grandchildren

In these circumstances a registered valuation is required and must refer to both the nature of the sale and the sale price. The LVR is determined using the valuation amount.

Example: Parents agree to sell a property valued at \$300,000 to their son for a reduced price of \$280,000. The value of the security is recognised as \$300,000 subject to valuation.

Borrowers must provide at least 5% of the purchase price from genuine savings. Advantageous purchase is not a substitute for genuine savings.

Self certified loans

A minimum 20% acceptable equity is required.

Deposit funds must be in the name of at least one borrower prior to the loan application being received & can be from the following sources:

- Accumulated savings (savings account)
- Sale proceeds of shares or managed funds (net any tax due)
- Equity from real estate (additional borrowings or sale)

Equity is to be held or accumulated over a minimum 6 month period.

Where the application has been submitted with up to 70% LVR, equity of 30% is required.

6. Employment & Income

Borrowers must demonstrate that they can repay their loan commitments and meet ongoing living expenses from the income and work they do without undue hardship.

6.1 PAYG employment

Any probationary period in current position needs to have been completed.

Type of employment	Time in the job
Permanent full time / Contract	No more than 2 jobs in the past 12 months.
Permanent part-time (principal employment)	Minimum 6 months in current position.
Second Job / Casual / Part-time	Minimum 12 months in current position.
Borrowers employed by family	Minimum 6 months in current position or 12 months continuous employment within the same industry.

6.2 PAYG income

Type of income	Treatment of income
Salary packaging	Provided the borrowers total package is available in cash at the borrowers option, then the total package can be treated as gross income (less compulsory superannuation contribution) for loan servicing purposes.
Full time / Contract / Second job / Casual / Part-time	All of a borrowers regular income maybe used in the servicing assessment.
Overtime	100% if a condition of a borrowers employment. 50% if confirmed as being regular for 6 months from the same employer.
Commission / Bonus	100% if confirmed as received for last 2 years from current employer. The average of the last 2 years is to be used in the servicing assessment.
Vehicle allowance (not mileage)	50% of a borrowers vehicle allowance can be used provided it is a condition of employment. 100% of any corresponding lease or hire purchase payments must be included in the servicing assessment.
Mileage reimbursement	Mileage reimbursement is unacceptable income.
Fully Maintained Company Vehicle	\$5,000 per annum can be added to the net income figure for servicing assessment.

6.3 Other income

Type of income	Treatment of income
Rental Income	80% of the gross rental income.
Family Allowance	Family allowance types A & B are acceptable where the allowance is determined to be available for a minimum 5 years from the date of loan assessment or approval.
Pensions	Must be of a permanent nature.
Child Support	Child Support payments must be paid through the Child Support Agency and be available for a minimum of 5 years from the date of loan assessment or approval. The following supporting information is required: <ul style="list-style-type: none"> • Child Support Agency Assessment showing the amount payable, the names and date of birth for the eligible child or children; and • 3 months current bank statements confirming receipt of payments. Private arrangements are not acceptable under any circumstances.

6.4 Self employed

A borrower is self employed where more than 50% of the borrowers total income is derived from a business wholly or partially owned by the applicant, or any portion of business income is required to service the loan.

Understanding the borrowers occupation and industry is crucial as this will indicate the likely turnover and expenses of their business. A minimum 2 years in the same business is required.

The length of time in business will be verified by the registration date of the Australian Business Number (ABN) or Australian Company Number (ACN) for any business that the borrower generates an income.

ABN / ACN must be in the name of the borrower or an associated entity that can be directly linked to the borrower.

Full income documentation	Time in business
<ul style="list-style-type: none"> 2 years tax returns and ATO tax assessment notices. 	Where a borrower has less than two years trading in the current business but two years prior employment in a similar field, applications may be considered on an exception basis.
Self certified	Time in business
<p>Borrowers must complete a signed statement listing their net income and confirm that they can service all commitments without any hardship supported by:</p> <ul style="list-style-type: none"> 6 months transactional account statements of the borrowers business trading bank account, or 12 months Australian Tax Office (ATO) lodged¹ business activity statements (BAS) for any business that a borrower generates an income. 	<p>A copy of the online search of the borrowers ABN / ACN is to be kept on file. This search will also confirm if the borrower is registered for GST.</p> <p>Goods & Services Tax (GST) registration² is mandatory for taxi drivers and where a borrower declares a net income of \$75,000 or more per annum.</p>

6.4.1 Self employed - Use of shared ABN / ACN

Relationship - Conditions relating to accepting the income declaration and supporting documents where there is a shared Australian Business Number (ABN) or Australian Company Number (ACN)

Borrowers working in same business:

ABN in one borrowers name (sole trader) & application in joint names.	Acceptable, providing applicants are spouses or de facto.
---	---

ABN in company name and BOTH applicants are shareholders and/or directors.	Acceptable.
--	-------------

ABN in company name, one applicant is a director but both are shareholders.	Acceptable, providing applicants are spouses or de facto.
---	---

Borrowers operate different businesses:

ABN in one borrowers name (sole trader) and application in joint names.	The income of the non-owner of ABN should be excluded unless independently verified.
---	--

ABN in company name and BOTH applicants are shareholders and directors.	Acceptable.
---	-------------

ABN in company name, one applicant is a director but both are shareholders.	The income of the non-director should be excluded unless independently verified or they hold a 50% shareholding in the company that holds the ABN.
---	--

¹Lodgement date & receipt number or ATO portal receipt is to be provided.

²Unless a GST Free business as defined by the ATO, in which case, you will need to hold evidence of this on file and advise QBE LMI.

7. Servicing capacity

Borrowers must be able to demonstrate sufficient income to pay their financial obligations and living expenses without hardship. A net servicing ratio (NSR) is used: $NSR = \text{Total monthly commitments} / \text{Total net monthly income}$

- A maximum of 4 borrowers income can be used in the servicing assessment.
- Pensions, family and child support payments are non-taxable³

Net servicing ratio (NSR)	<p>Net servicing ratio (NSR) is the ratio of all commitments as a percentage of the borrowers net (after tax) income.</p> <p>The maximum NSR limits are:</p> <table border="1"> <thead> <tr> <th>Loan amounts</th> <th>Maximum NSR</th> </tr> </thead> <tbody> <tr> <td>Up to and including \$750,000</td> <td>100%</td> </tr> <tr> <td>Greater than \$750,000</td> <td>95%</td> </tr> </tbody> </table>	Loan amounts	Maximum NSR	Up to and including \$750,000	100%	Greater than \$750,000	95%

Single	\$17,400	\$1,450																	
Couples	\$27,660	\$2,305																	
Children	\$6,852	\$571																	
Total credit card limit	Monthly credit card repayments are calculated at 3% of the total limit.																		
Other commitments	<p>These vary according to a borrowers individual circumstances.</p> <p>Additional costs such as private school fees must be included.</p>																		
Other mortgage commitments	Where a borrower has other mortgage commitments, these repayments must be factored into the servicing assessment. A borrowers capacity to repay will be determined using the higher of the current repayment amount or the repayment amount determined using the assessment rate.																		
Borrowers approaching retirement	<p>Investigations into a borrowers repayment strategy from the time the main income earning borrower retires are to be fully documented and verified.</p> <p>The maximum loan term for a borrower who is 55 years of age or more, purchasing an owner occupied home, is 30 years.</p>																		
Split loans	Where the total loan amount is split between fixed and floating interest rates, the assessment interest rate is to apply for the total loan amount.																		
Interest only loans	Where the total loan amount is interest only, a borrowers capacity to repay will be determined using the remaining principal and interest period.

12. Minimum Verification Standards

The minimum verification requirements are to be undertaken by or on behalf of the insured lender (“Lender”) when originating and assessing a loan application that will result in an application for lenders’ mortgage insurance (“LMI”). QBE LMI relies on information provided by or on behalf of the lender when agreeing to provide LMI.

QBE LMI requires the lender to verify information used in assessing a loan application prior to submitting the application for LMI to QBE LMI. The lender is ultimately responsible for the accuracy of information provided to QBE LMI, even where the Lender has allowed another person to collect, verify or validate that information.

Evidence obtained by the lender to support the application for LMI and compliance with these minimum verification standards must be retained on the Lender’s file for the life of the loan. Original supporting documentation, or computer generated copies in the case of payslips or bank statements (not transaction listings), must be sighted as part of the verification processes outlined in this document. The person sighting original documents must retain a copy of each document on the loan application file and certify by their signature on each copy that the original has been sighted.

If you require clarification of the minimum verification standards for an individual application for LMI, you should contact your local branch of QBE LMI and our underwriting staff will assist you.

Objectives

The key objective of these minimum verification standards is to assist the lender and its staff to understand QBE LMI’s minimum requirements regarding the verification and validation of the information in and supporting each application for LMI by the Lender.

12.1 Reasonableness test

Lessons learned from claims paid over the past several years suggest that the following tests of reasonableness provide significant assistance in the loan assessment process.

- The borrower’s income must be reasonable for their occupation.
- The type of income verification documents provided must be typical of the business/industry of the borrower’s employer.
- The grammar, language and spelling in the employment letter must be to the standard expected in the business/industry of the borrower’s employer.
- Adverse matters arising from credit reporting agency enquiries must be investigated and the results of the investigation provided to QBE LMI for consideration.
- Adverse matters and inconsistencies arising from the loan application must be investigated and the results of the investigation provided to QBE LMI for consideration.

Where minimum verification requirements cannot be met for reasons deemed acceptable to the lender, an answer of “no” must be given to the question posed in the lmiPROPOSAL regarding verification and retention of relevant supporting documentation provided to QBE LMI. This will enable QBE LMI to consider the application for LMI with the knowledge that the lender has not met the minimum verification standards.

12.2 Income verification

IMPORTANT NOTE: All tax file numbers MUST be deleted from all documents prior to submission to QBE LMI.

The Lender must satisfy itself as to the veracity of the borrower's stated income, using the appropriate options outlined below.

12.2.1 PAYG Salary and Wages

For borrowers who derive income from paid employment, the following documents must be obtained and provided to QBE LMI.

12.2.1.1 Existing Customer Relationship

Where the borrower is an existing customer of the lender and holds a transaction account with the Lender into which the borrower's salary is and has been regularly credited:

Salary credits appearing on the three most recent months statements may be treated as income and employment verification, but only if the name of the employer appears with the salary credits. If this option is used, employment verification described in part 12.3 need not be independently conducted.

12.2.1.2 New Customer Relationship

Where the borrower does not have a transaction account with the Lender or the borrower's salary is not credited into the transaction account in a manner satisfying the terms of part 12.2.1.1 above, one of the following options must be used for income verification:

- 3 most recent months transaction account statements from the borrower's financial institution showing salary credits with the name of the borrower's employer evident; **or**
- 2 most recent consecutive payslips. The payslips must show:
 - Borrower's name
 - Employer's name and ABN, if applicable
 - A breakdown of allowances & deductions paid
 - Gross/net income and tax paid for the pay period; **or**
- Employment contract, PAYG payment summary or tax assessment notice; **or**
- A letter from the borrower's employer (signed by the payroll officer, director, manager or proprietor) on letterhead, stating:
 - The borrower's name
 - Occupation
 - Type of employment (full-time, part-time, casual etc)
 - Length of employment
 - Gross salary, including YTD and a breakdown of any allowance, penalty rates, overtime and deductions.

IMPORTANT NOTE: Employment verification in accordance with part 12.3 is required where any option in part 12.2.1.2 is used to confirm income.

12.2.2 Borrowers Employed by Family

Where the borrower is employed by family or through a family owned or family controlled company, letters of employment or payslips must be supported by the most recent tax return or Australian Taxation Office (ATO) assessment notice.

Telephone employment confirmation is required in accordance with part 12.3.

12.2.3 Self Employed Borrowers

For borrowers who derive more than 50% of their income as sole traders or from partnerships, companies or trusts, the following documents must be obtained and provided to QBE LMI.

12.2.3.1 Full income documentation

- Personal, and where relevant, Business Tax Returns for the last 2 consecutive years
- and**
- ATO Assessment Notices for the last 2 consecutive years.

Where a borrower has less than two years trading in their current business but two years prior employment in a similar field, QBE LMI may consider an application for LMI on an exception basis.

IMPORTANT NOTE: Copies of tax returns (on their own) are not sufficient.

12.2.3.2 Self certified

- Borrowers must complete a signed statement listing their net income and confirm that they can service all commitments without any hardship
- and**
- 6 months transactional account statements of the borrowers business trading bank account
- or**
- 12 months Australian Tax Office (ATO) lodged⁴ business activity statements (BAS) for any business that a borrower generates an income.

A borrower must have been trading in their current business for a minimum of two years

IMPORTANT NOTE: Verification of a borrowers self employment in accordance with part 12.3.1 is required where the self certified is used to confirm income.

⁴Lodgement date & receipt number or portal receipt is to be provide.

12.2.4 Borrowers Approaching Retirement

Where the highest income earning borrower is approaching retirement at the time of the loan application, and the security property will be an owner occupied home, to meet their responsible lending obligations Lenders need to consider how the loan will be serviced and repaid from the time the main income earning borrower retires.

Whilst retirement ages vary, in the absence of any evidence to the contrary, Lenders should be making these enquiries where the borrower is 55 years old or more at the time of the loan application.

As well as providing documentary evidence that the borrowers have a repayment strategy post retirement, Lenders need to include a file note or commentary detailing what investigations have been completed, what investments have been included and any discounts that have been applied. The name of the person who conducted the verification on behalf of the Lender must also be recorded.

Acceptable evidence of repayment options, being not more than three months old as at the application date, would include:

- Superannuation and or investment statements showing the current balance and contributions made **or**
- Borrowers estimation of age pension or other ongoing income **or**
- Valuation or estimate from a licensed real estate agent and corresponding loan statement for investment real estate assets that could be sold⁵ **or**
- Ownership papers of non-real estate assets that could be sold⁵ **and**
- Income & employment verification documents as outlined above.

12.2.5 Company Vehicle / Vehicle Allowance

Where a company vehicle is provided and car costs are to be added back into the borrower's income, reference must be made to the vehicle and/or the vehicle allowance on **one** of the following documents:

- Borrower's payslips **or**
- Borrower's group certificate **or**
- Letter from the borrower's employer confirming the borrower's entitlement to the company vehicle / vehicle allowance.

12.2.6 Rental Income

Where rental income is to be included in the borrower's servicing assessment, **one** of the following options must be obtained for each rental property:

- Most recent statement from the real estate agent managing the property evidencing rent received and outgoings paid **or**
- Most recent months transaction account statements showing clearly identified rental credits **or**
- Copy of current tenancy agreement showing current rent, commencement date and termination date (only acceptable if current; not acceptable if the tenancy agreement has expired or is in the holding over period) **or**
- Market rental opinion as stated in a valuation of the property being purchased/refinanced **or**
- Last 2 tax returns and ATO assessment notices (if relevant).

12.2.7 Centrelink Income

Where Centrelink Income is to be included in the borrower's servicing assessment **one** of the following options must be provided to confirm receipt of Centrelink Income:

- A letter, dated within the last six months from Centrelink outlining:
 - Type of payment (e.g. FTB Part A, Disability Pension etc)
 - Details of who benefits are payable for (children's names and ages where applicable)
 - Amount of payment
 - Breakup of payment (e.g. FTB Part A, Part B, Rent Assistance, Pharmaceutical allowance); **or**
- 3 most recent months transaction account statements showing credits received from Centrelink.

12.2.8 Child Support

Where child support payments are to be included in a borrower's servicing assessment, each of the following documents must be obtained:

- A letter dated within the last six months from the child support agency showing the amount payable, the names and date of birth of each eligible child, **and**
- 3 most recent months transaction account statements showing credits received.

Amounts received from private arrangements are not acceptable for inclusion in a borrower's servicing assessment.

⁵Funds received from the sale of real estate or other assets must be used to repay the home loan in full or reduce a borrowers ongoing servicing requirements to a sustainable level.

12.2.9 Other Income

For all other income, **each** of the following documents must be obtained:

- Personal tax returns / payment summary, **and**
- ATO assessment notices for the last 2 consecutive years which confirm the level and consistency of "other income".

12.3 Employment verification

Where telephone confirmation of employment is required in part 12.2, the lender must satisfy itself as to the veracity of the borrower's stated employment by:

- Confirming the current telephone number of the Borrower's employer by obtaining a white pages search or from some other independent source, **and**
- Making a telephone call to the Borrower's employer using the independently obtained telephone number and confirming that the Borrower is currently employed in the position stated and, where possible, confirming income information. Details of the telephone call, including the date and time of the call, the name and position of the person who verified the information on behalf of the Borrower's employer must be recorded and retained in the loan file. The name of the person who conducted the verification on behalf of the lender must also be recorded.

Where telephone confirmation cannot be made for reasons deemed acceptable to the lender, details of steps taken to verify employment must be recorded and held on file. An answer of "no" must be given to the question posed in the LMI Application Checklist regarding verification and retention of relevant supporting documentation provided to QBE LMI. This will enable QBE LMI to consider the application for LMI with the knowledge that the lender has not met the minimum verification standards.

12.3.1 Self Employed Borrowers

Telephone confirmation isn't appropriate in this situation. Instead, lenders and originators should undertake an online ABN, ACN or name search of the business from which the borrowers are drawing an income.

A copy of this search is to be retained on the borrowers file.

12.4 Genuine savings

Where a borrower is required to provide at least 5% of the purchase price from genuine savings one or more of the following options must be used to verify the existence of these genuine savings:

- Savings account statements
- Term deposit statements
- Lender's system record of savings or term deposits
- Statement on sale of shares
- Equity in real estate
- Loan contract or loan statement identifying additional repayments that are redrawable
- Payslip identifying a bonus from employer
- Letter from employer confirming payment of a bonus
- Statement identifying withdrawable superannuation funds.

12.4.1 Rental Statements - ImiFIRST HOME

Where 3 months savings account history is not available, QBE LMI will accept a Borrowers rental history for the past 6 months. One of the following options must be provided along with the savings account history that is available:

- The past 6 consecutive months rental statements, from the real estate agent managing the property, evidencing rent paid in the name of at least one borrower: or
- The past 6 consecutive months transaction account statements, of an account in the name of at least one of the borrowers, showing clearly identified rental payments being paid.

Rental history must show consistent and timely payments. Any payment overdue by 7 days or more is unacceptable. The latest rental statement must be less than 30 days at the time of the home loan application.

12.5 Refinance / debt consolidation

Where the application for LMI relates to a refinance or debt consolidation, QBE LMI requires the lender to verify that the loan being refinanced or the debts being consolidated show a consistent repayment history with no evidence of arrears greater than 15 days past due, default fees or over limit balances. Loan or debt performance must be reviewed by obtaining loan statements for all credit facilities being repaid as follows:

Home Loans	6 consecutive months, including the month immediately preceding the month of the application for LMI.
Personal Loans	6 consecutive months, including the month immediately preceding the month of the application for LMI.
Credit Cards	3 consecutive months, including the month immediately preceding the month of the application for LMI

For refinance loans, QBE LMI requires the Lender to verify that statutory and other property related charges including, where applicable, council rates, body corporate levies and land tax charges are paid up to the date as at the last billing statement. Acceptable evidence would include the most recent billing statement showing no arrears.

13. Minimum Valuation Requirements

Each application for lenders mortgage insurance submitted to QBE LMI will be taken to include a representation by the lender that each externally sourced valuation provided in support of the application complies with these Minimum Valuation Requirements.

13.1 Professional Membership

Each valuation has been completed by a valuer who is registered or licensed where required in that state or territory. The valuer must also be a member of Australian Property Institute (API), Royal Institution of Chartered Surveyors (RICS) or an equivalent professional body.

13.2 Minimum Valuer Qualifications

a) Valuations of properties valued at \$1 million or less

Each valuation must be completed by a registered or licensed valuer where required in that state or territory. The valuer must also be a member in one of the AAPI CPV, FAPI CPV, PMAPI RPV or AAPI membership categories or an equivalent membership category of an equivalent professional body.

- AAPI CPV (Associate Member Certified Practising Valuer);
- FAPI CPV (Fellow Member Certified Practising Valuer);
- PMAPI RPV (Provisional Member Residential Property Valuer);
- AAPI (Associate Member in transition to CPV)

Where a valuation is not completed by a certified practicing valuer (CPV), the valuation must be countersigned by a CPV qualified valuer of the firm.

b) Valuations of properties valued at more than \$1 million

Each valuation must be completed by a registered or licensed valuer where registration or licensing is required in that state or territory. The valuer must also be a member in one of the AAPI CPV or FAPI CPV membership categories or an equivalent membership category of an equivalent professional body.

Where a valuation is not completed by a FAPI CPV or an AAPI CPV who is a director, partner or principal of the firm, the valuation must be countersigned by another CPV qualified valuer of the firm.

No valuation submitted for a property valued at more than \$1 million can be completed by a PMAPI RPV, or AAPI in transition valuer or an equivalent membership category of an equivalent professional body.

c) Counter signatory requirements

The counter signatory must review the draft valuation and working papers, and based upon that review and appropriate questioning of the valuer obtain reasonable satisfaction that the value opinion contained in the valuation has been reached, based on reasonable grounds.

The counter signatory clause as stated by the API must be included in all valuation reports as evidence of that review.

13.3 Standard Valuation Report Format

Each valuation submitted is in the API PropertyPro template and includes the four property-related risk ratings and four market-related risk ratings. Each valuation must be ordered by and addressed to the lender, with allowance for use by QBE LMI and be no more than three months old.

13.4 Minimum Professional Indemnity Insurance Coverage

QBE LMI has differentiated the professional indemnity insurance requirements by geographic location to metropolitan, regional and national. The following requirements will apply to the valuer company which provided each valuation and the individual valuer who prepared each valuation - compliance with these requirements may be implemented from the next anniversary of renewal of cover (post-effective date of this policy):

Extent of cover	Metropolitan	Regional / National
Professional indemnity insurance - cover per claim of not less than:	\$2,000,000	\$1,000,000
Aggregate liability for claims - Have professional indemnity insurance which does not have an aggregate liability for claims during the policy period less than:	\$4,000,000	\$2,000,000
Excess or deductibility of claims - Valuers are required to have professional indemnity insurance which does not impose an excess or deductible per claim higher than:	\$100,000	\$100,000

13.5 Instructions

The Lender must instruct the valuer in relation to preparation of a valuation report on a single residential basis. A valuation report that includes an amount for potential development is unacceptable. Responsibility for this instruction cannot be delegated to any other party in the loan origination process.

13.6 Multiple valuations

In the event where the Lender or Lender's agent has received more than one valuation regarding the proposed security property in respect of a loan application, QBE LMI has been provided with a copy of all such valuations.

13.7 Disclaimers or Exclusions or Conditions

The Professional Indemnity Policy must not contain disclaimers or exclusions that in any way limit cover in relation to LMI reliance on the valuation.

13.8 Exemption

In exceptional circumstances there may be in place risk management strategies aimed at eliminating or reducing one or more of the risks addressed by these Minimum Valuation Requirements. In those circumstances a lender may apply to QBE LMI for exemption from one or more of these Minimum Valuation Requirements. In that event, QBE LMI may, in its absolute discretion, grant to the lender exemption from one or more of these Minimum Valuation Requirements. QBE LMI may grant such exemption on such condition or conditions as QBE LMI considers appropriate in its absolute discretion.

13.9 Breach of representation

In the event that the representation that each external sourced valuation provided in support of an application complies with these Minimum Valuation Requirements is not true in whole or in part, QBE LMI may:

- a) avoid the relevant lenders mortgage insurance policy if the misrepresentation was made fraudulently;
- b) reduce its liability under the relevant lenders mortgage insurance policy to the amount that would place QBE LMI in the position in which QBE LMI would have been if the misrepresentation had not been made; and/or cancel the relevant lenders mortgage insurance policy; and/or
- c) cancel the relevant lenders mortgage insurance policy.

14. LMI Premium Rates

To obtain information about premium rates for lenders' mortgage insurance please contact:

- Lenders should contact QBE LMI
- Mortgage managers and originators should contact your funder.

15. Additional loans – premium calculation

The premium calculation is as follows:

- The LVR is calculated on the new total exposure (determined by adding the additional loan amount to the outstanding loan balance or scheduled balance if the existing loan is a Line of Credit or has a redraw option) and the total security value.
- The premium rate applicable to the new LVR and new total exposure amount is then applied to the new total exposure amount.
- The premium payable will be the premium calculated as above, less the premium previously paid (excluding stamp duty).

Note:

- Minimum premium would apply.

16. Capitalisation of Premium

QBE LMI will allow lenders to add borrowers LMI cost to the amount borrowed and will include it in the insured loan amount without any additional to the premium. The maximum LVR by product is as follows:

- Full income documentation: 95% (excluding premium capitalisation), 100% (including premium capitalisation)
- Self certified: 80% (including premium capitalisation)

The maximum LVR available by product remains subject to conditions by:

- Location category
- Maximum insured loan amount
- Type of loan
- Loan purpose
- Acceptable security.

17. LMI Premium Refunds

Depending on arrangements between QBE LMI and lenders, a partial refund of the LMI premium may be payable where the mortgage over the insured loan is discharged less than, or equal to, 12 months after settlement of the insured loan AND:

- All loans secured by the insured mortgage are repaid in full; **and**
- QBE LMI is advised within 30 days of the discharge.

A refund will not be payable where:

- The insured loan (either an original or additional loan) has ever been in reportable arrears; **or**
- The mortgage over the insured loan is discharged more than 12 months after the settlement date of the initial loan advance; **or**
- The mortgage over the insured loan is discharged more than 12 months after the settlement date of the last insured additional advance; **or**
- The insured loan was covered under QBE LMI's bulk insurance process; **or**
- The amount of the refund is less than \$500.

It is the responsibility of the lender to advise QBE LMI of the discharge of an insured mortgage and initiate any request for a refund. QBE LMI will then confirm any refund payable.

Borrowers should be advised to direct any premium refund enquiries to their lender.

18. Terminated LMI Policies

It is the responsibility of the lender to advise QBE LMI of the repayment of any insured loan within 30 days of the loan being terminated / repaid.

19. Stamp Duty

Stamp duty is payable on LMI premiums and varies depending on the state or territory the security property is located in. Where the insured mortgage is to be secured over two or more properties in different jurisdictions, the stamp duty will be calculated on the premium apportioned to the relevant state proportionally as to the respective security values.
